

Community Groups

Meeting together in small groups is a fabulous way of getting to know each other better, finding pastoral support and spurring one another on in our faith journeys. We encourage everyone in the church to be connected to a community group, even if you can't make it every week.

We have many different groups here at St Andrew's to fit different people's needs. Most groups meet on a weekday evening, but others meet early morning or during the daytime; some groups are specific ages and some contain a real mix of ages. Hopefully you will find a group to suit you. Most groups are between 6-15 people in size and each meeting will normally consist of a social time of catching up on news, time spent looking at the Bible and learning what it means to be a follower of Jesus and time praying for each other.
